

Don't miss Moberg's Automotive **"Back to School/Fall Specials"**.

School is starting and fall is close at hand. Here at Moberg's Automotive we want to be sure that you are prepared for the cooler months ahead and that your students are ready for a safe school year. We are pleased to be offering some great "Back to School/Fall Specials" and I hope you will take advantage of them. These specials offer savings on essential end of summer/fall maintenance recommendations:

Free tire rotation and brake inspection with an oil change. (\$30 value).

All 4 tires aligned at half price with the purchase of 4 tires. (\$50 value).

Up to a \$70 rebate on the purchase of select Continental General tires.

Buy one wiper blade and receive the second at half price.

Cooling system inspected, flushed and refilled at a \$25 discount.

Free charging system test with an oil change. (\$50 value).

We want to be sure your vehicle is running at its peak performance, so we hope you will take advantage of these specials. All specials are available today through September 30, only one special may be used per visit, and specials may not be combined with any other offers.

Along with the regular maintenance recommended by your manufacturer, we suggest that the following services be performed on your vehicle this time of year:

Change your oil and oil filter. Many of us put extra miles on our vehicles during the summer months. Keeping up with oil changes is extremely important for the continued peak functioning of your vehicle.

Check your tires for wear. Again, because of added mileage, summer can cause unexpected wear to your tires. Insufficient tread depth increases the chance of accidents due to hydroplaning.

Check and change windshield wiper blades for optimal visibility. Damaged windshield wiper blades can make driving in adverse weather conditions increasingly dangerous.

Check coolant and change if necessary. After the hot summer months, have your vehicle's coolant system checked to see if it needs to be flushed and refilled.

Be sure that your charging system is working efficiently so that you are not stranded as the weather begins to cool down.

As you can see, we are offering specials on our current maintenance recommendations. Feel free to schedule your appointment today on our website:

www.mobergsauto.com. You may also call us at: 847-362-8905.

I also wanted to mention that **our shop will be closed on Thursday, September 24 and Friday, September 25**. Please be sure to arrange for any necessary maintenance before that long weekend.

As always, we thank you for trusting us with your vehicle. We appreciate you and your business.

Warmly,

Pete Moberg for all of us at Moberg's Automotive
